WHO IS MRS. WINSLOW? As this quesion is frequently asked, we will sim ply say that she is a lady who for upwards of forty ply say that she is a lady who for upwards of forty years has untiringly devoted her time and talents as a female physician and nurse, principally among children. She has especially studied the constitu-tion and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children tee hing. It operates like magic, giving rest and health, and is, moreover, sure to regulate the bowels. In

consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race. Children certainly do Risk UP and bless her. Especially is this the case in this city. Vast quantities of the Soothing Syrup are Daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincarely believe thousands of children have discounted. Committee: David J. Weilgr. J. R. Perdue.
